

## ANDOVER REGIONAL SCHOOL DISTRICT

Office of the Superintendent

707 Limecrest Road

Newton, NJ 07860

Phone: 973-315-5254 Fax: 973-579-3972

As Superintendent of Schools, it is my pleasure to welcome you to the Andover Regional School District. Andover Regional is located in the heart of Sussex County, New Jersey. Our school district was originally formed in 1953 as the Andover Consolidated School District. Currently, we are a Pre-K through eighth grade school district of approximately 450 students. Our Board of Education is comprised of nine dedicated members representing both Andover Borough and Andover Township.

Students in grades Pre-K through 4th attend the Florence M. Burd Elementary School and students in grades 5th through 8th attend the Long Pond Middle School. Our eighth grade graduates attend Newton High School through a long-time send/receive relationship with the Newton Public Schools. Eighth grade graduates may also elect to attend Sussex County Technical High School as well as a multitude of non-public options for their high school experience.

We are very proud of our school system and community. We believe working in partnership with our parents and community enables us to provide a comprehensive educational program that meets the needs of each student along with the standards set forth by the New Jersey Department of Education.

In Andover, we believe we have the perfect formula for a successful school system. We have an experienced and dedicated staff of teachers, school administrators, and support personnel who devote their energies on a daily basis towards doing what is best for our students. We also have an active Parent-Teacher Association who provide tremendous support to our professional staff. In making our schools special places for students to attend each day. Lastly, we have a Board of Education who is committed to providing the best educational experiences and opportunities possible for the children of Andover within the resources of our community.

I encourage you to explore the information on our website. It is our goal to provide our parents and community members with accurate and timely information about our schools and programs. I always welcome parent and community communication and encourage anyone with questions or concerns to contact my office or one of our school administrators.
